**Please share a story related to a veteran that attended the event and had a positive outcome**

Veteran became homeless the second day of the Stand Down and was walking with his spouse and infant child when spotted by a transportation van driver. They were transported to the event, fed, medically checked out and the child received the extra care that comes with being a baby. We did have a pediatric nurse on site that checked the child's health. The veteran stated his needs as a ride to Phoenix to hook up with family members and a few dollars to feed his family while they tried to locate the possible help. A resource provider volunteered to drive them to Phoenix the next day and we put them up over night at a local hotel that we always use for the Stand Down. I would like to report the outcome but as usually occurs we seldom receive a notice of the outcome of our assistance. The occurrence had a positive impact on our volunteers that participated in assisting this family.

Second feel good story is that all homeless that wanted housing were able to be placed through the HUD/VASH and VRC programs.

All in all, the best weekend of the year.
