

Maricopa Regional Heat Relief Efforts

Arizona Housing Coalition Webinar

June 26, 2024

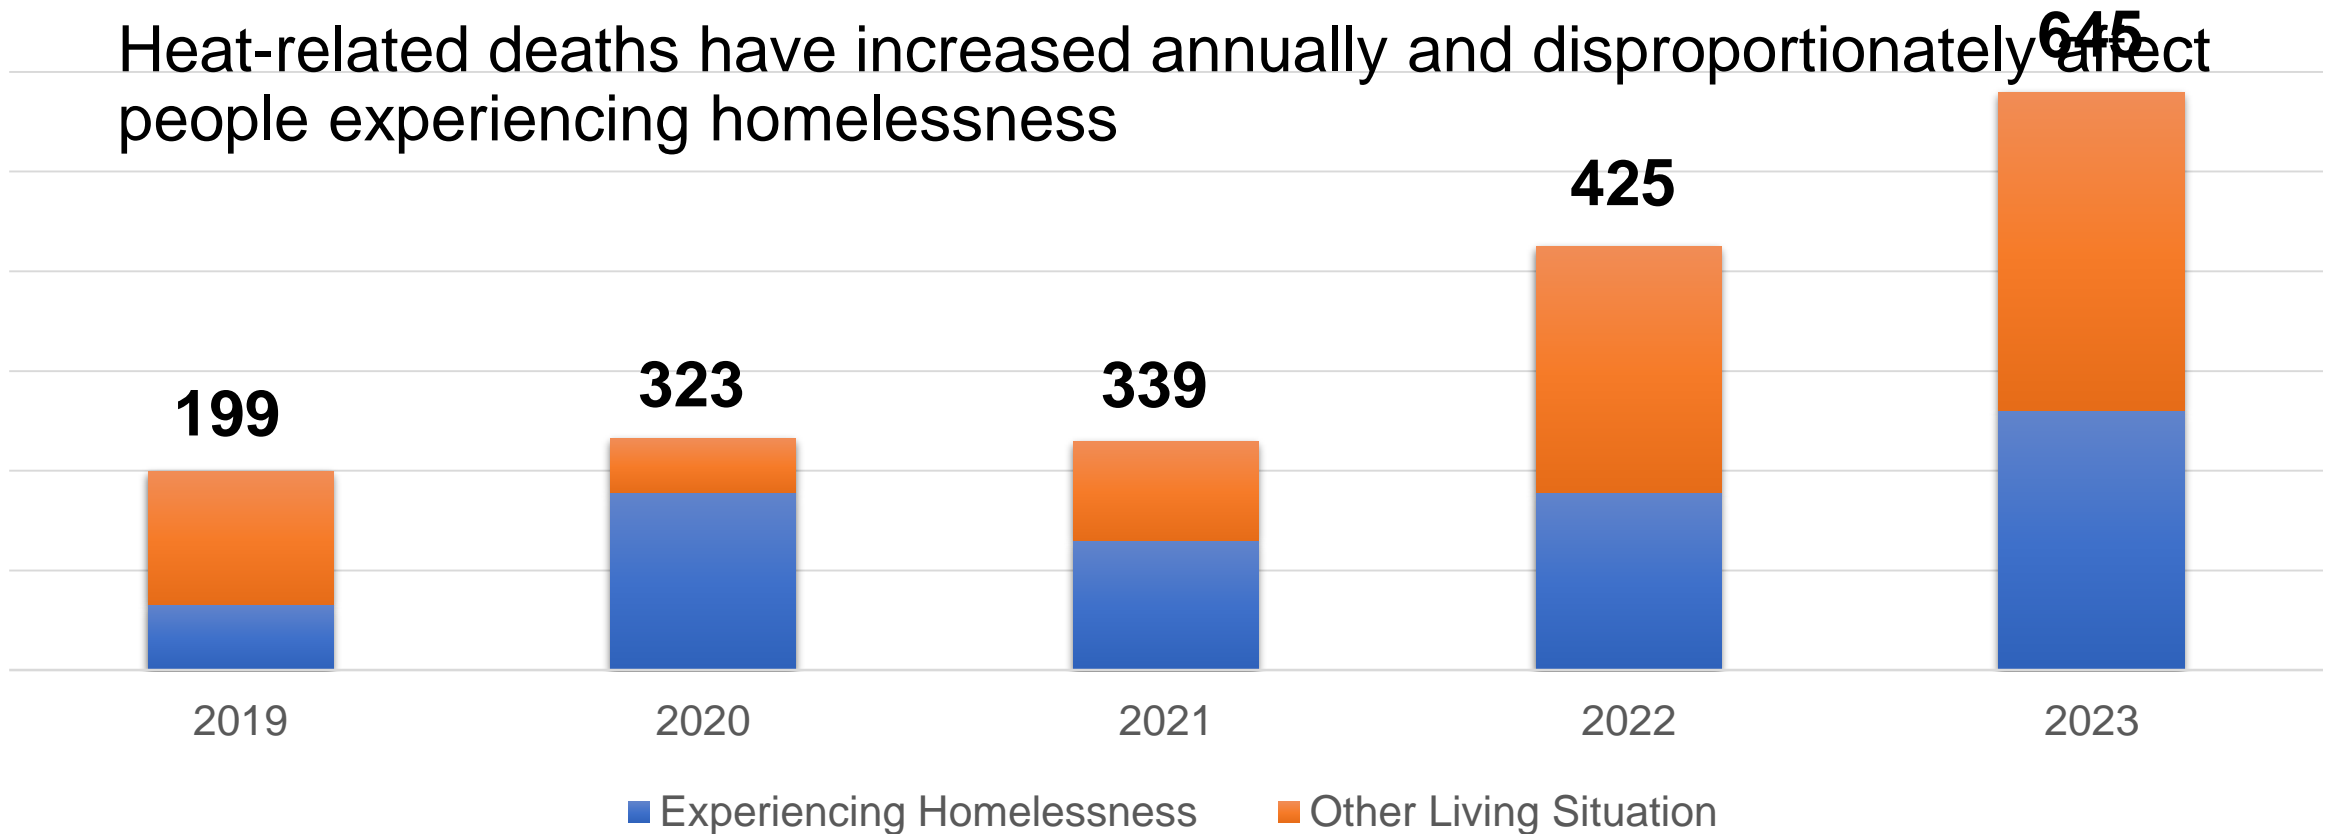

Efforts began in response to an urgent crisis

In July 2005, MAG formed the Regional Heat Relief Network (HRN) in response to record numbers of heat-related deaths in the region.

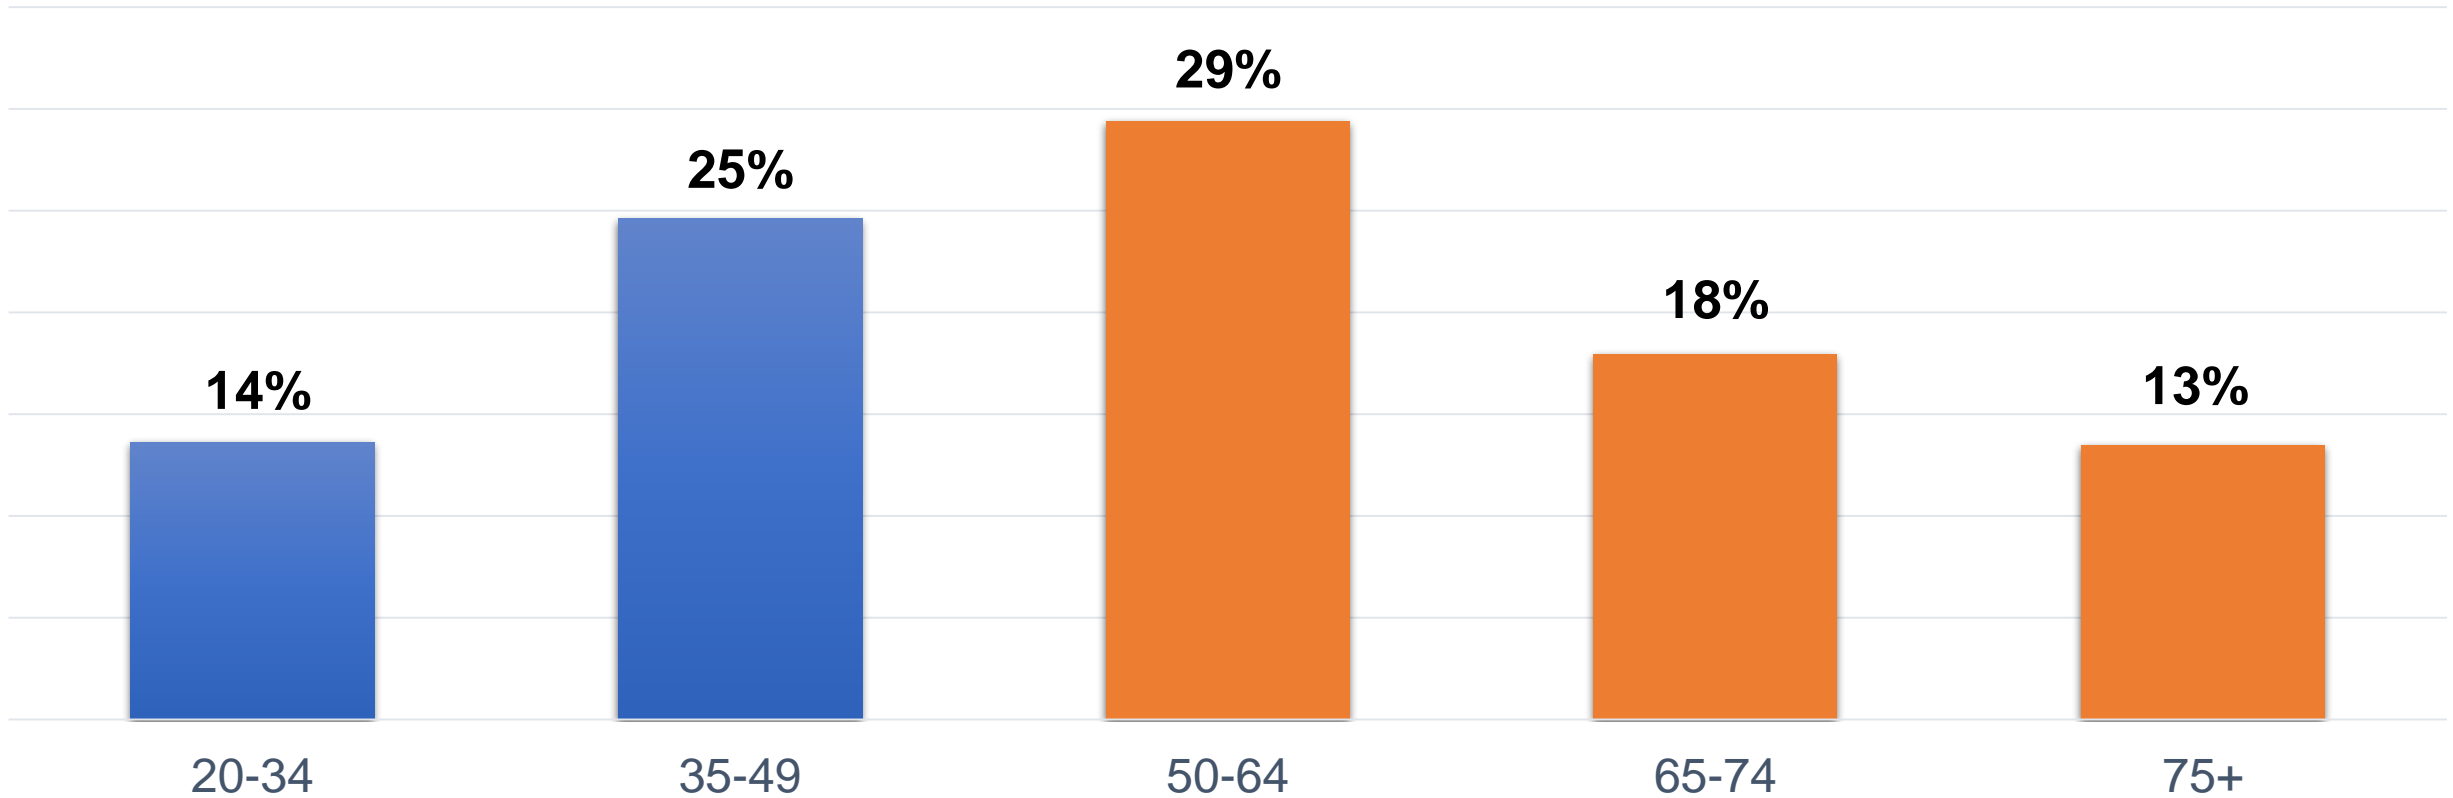

Heat-related deaths increasing

Heat-related deaths have increased annually and disproportionately affect people experiencing homelessness

Majority of deaths occur in people 50 years+
